## OLL Music Enrichment

Vocal, Guitar, Piano or Mixed Percussion

OLL has established an after school music enrichment program for students in the Random Lake area.

This program will be offered at the school at 306 Butler Street and taught by Ms Lindsay Thomaschefskey, Music Teacher at Our Lady of the Lakes Grade School.

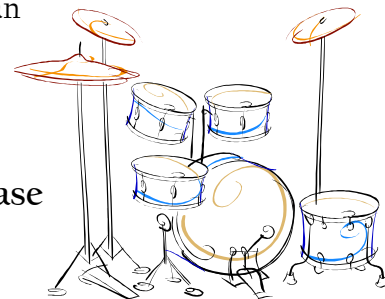

This is a weekly enrichment program in music and vocal training. Each scheduled lesson will last for 20 minutes and each lesson will cost \$15.00, due at the start of each month. Lessons will be offered on 3 Fridays and 1 Thursday each month beginning in October, and only on days the school is scheduled to be open. Music/Vocal lesson fees are in addition to any fees currently charged for at OLL.

*Individuals who are currently receiving lessons from someone else are encouraged to stay with that teacher.*

Since OLL is contracting for Ms Thomaschefskey's services no reimbursement will be offered due to student absences (exceptions will be made on a case by case basis for family emergencies). In the event of absence from school due to illness an alternative lesson time will be offered.

Students will be required to purchase a music book for lessons. If an individual family has a series of books previously purchased Ms Thomaschefskey will review and consider them in place of purchasing a book. Books will be sold at the suggested retail price.

To register for this enrichment program please contact the school office at (920) 994-9962.

Lessons are to begin in October, 2009.
